## Objective

Seeking a front-end web development co-op. Available
May 2020 - December 2021.

## Projects

### Blog Layouts

Ongoing Personal Project • August 2017 - Present

- Design and develop over 20 Tumblr blog layouts for
  public use with HTML, CSS, and JavaScript
- Curate a blog with 1,400+ followers and acquire
  87,000+ unique views on theme codes

### simpleXcode Website

Web & Mobile II • October - December 2019

- Led a team of 4 to create a responsive, 12-page,
  database-driven website that teaches users basic
  HTML, CSS & JavaScript
- Wrote a 30-page design documentation, constructed
  wireframes & mockups, and developed the home and
  lessons pages using HTML, CSS, JavaScript & PHP

### Spoons, a Visual Novel Game

Girls Who Code • July - August 2017

- Collaborated with a team of 3 to develop, pitch, and
  demo a visual novel game based on the Spoon Theory
- Implemented conditional statements for player
  choices using Ren'py, and designed and coded
  promotional website using HTML, CSS & Git

## Experience

### Manhattan Florist

Assistant Florist • June - August 2018

- Communicated with the team of 6 to ensure deliveries
  were scheduled and sent on time
